Applicant requests a status on the above application. On March 19, 2001, applicant received a Notice to File Corrected Application Papers. On May 17, 2001, applicant did this by sending in corrected specification papers and further pointed out that a separate drawing to Fig. 7 was not necessary in that it was an X-Y diagram that was in the specification to explain the formulas therein. Applicant further stated in their response that they would supply the drawing if the Examiner insisted on such.

On or about March 25, 2003, I received a phone call from Sherry Haywood saying we did not respond to the further action of July 6, 2001. We pointed out to Ms. Haywood that we did not receive this Action and she should issue another Action or send us a copy of the Action with a new time limit to respond.

Ms. Haywood said she would do this or issue us a Notice of Abandonment. We have not received an Action on this case since our telephone conversation.

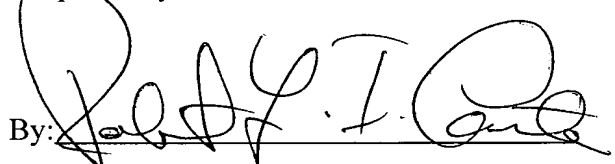

If this case has not been sent to the Examiner, for action on the merits, applicant requests that another Action issue with a new response date.

Date:

June 5, 2003

Respectfully submitted,

By:
